MEMORANDUM FOR THE RECORD

SUBJECT: Evaluation of Unsolicited Proposals re Commonality
of SAFE and ADISS

STATINTL

1. CIA has received two unsolicited proposals, one from [REDACTED] Both proposals relate to suggested methods of analyzing the questions concerning commonality between the CIA-SAFE and the DIA-ADISS. We are presently reviewing these two proposals and will select one of them to proceed with the analysis of the systems and provide a report to the CIA/DIA executive level management.

2. The criteria for making a selection will include the following:

- a. The expertise of personnel to be assigned to the job, both in systems analysis and project management.
- b. Understanding of the problem as demonstrated in the documentation provided by the company.
- c. Proposed study methodology (e.g., definition of commonality, data collection, comparison methods).
- d. Time of task (how soon can they start, how long will they take).
- e. Cost.

These criteria have been coordinated with DIA. ([REDACTED])
